Visitor Parking - Visitor parking can be arranged on your behalf if we receive **24hrs notice** of your requirement. Please email the **make of your vehicle, registration and full name to:**
support@nwemployers.org.uk

Car parking is monitored by an external security company and unauthorised parking will result in a parking charge notice

****PLEASE NOTE: Vehicle Height Restriction**** - Please note the height barrier for the visitor car park is 1.95m.

****Due to maintenance work visitor parking will be significantly limited in the coming weeks. From Monday 7 August, visitors to Exchange Quay can only park on Level 1A of Multi-Story Car Park 1, with only 40 visitor spaces available each day. If you park on any other level (including Level 1) of Car Park 1, or if you park in any other Car Parks within Exchange Quay, you will be liable for a parking ticket from the external parking contractors. Therefore, please ensure that you park in Multi Storey Car Park 1 on Level 1A only, and that you follow all instructions by the parking attendants upon arrival (this only applies if we have managed to book parking for you).**

In addition, we have been asked to stress that the visitor parking remains available on a first come first served basis. Therefore, even if we have submitted your details for parking there is no guarantee that a space will be available, particularly given the current parking limitations. Exchange Quay has asked that we encourage all visitors to use public transport or other transport means wherever possible while these works are taking place.
